Which present-day fish lived on earth during the time of the dinosaurs?

BACKGROUND INFORMATION: I've been around since before the dinosaurs. I have changed little over the years; that's because I am an efficient predator. Some of my species are the largest fish in the ocean.

What am I? _____

DIRECTIONS: This graph is made up of several lines. The symbol [denotes the beginning of a line, and the symbol] denotes the end of a line. Graph the coordinates in the order given below.
